APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 26496 is issued subject to the terms and conditions imposed in said Permit 26496 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The combined total duty of water under this permit and Permits 26493, 26494, 26495, 26497 shall not exceed 1460.0 million gallons per annum.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 1.0 cubic feet per second but not to exceed 235.9 million gallons annually.

Actual construction work shall begin on or before August 3, 1976

Proof of commencement of work shall be filed before September 3, 1976

Work must be prosecuted with reasonable diligence and be completed on or before February 3, 1977

Proof of completion of work shall be filed before March 3, 1977

Application of water to beneficial use shall be made on or before September 13, 1977

Proof of the application of water to beneficial use shall be filed on or before October 13, 1977

Map in support of proof of beneficial use shall be filed on or before October 13, 1977

Commencement of work filed SEP 14 1976
